Your Life Your Family Your Way

*Family Law issues impact our lives in so many ways.
Have us help you get the best outcome possible.*

Family disputes, whether divorce, custody, support, or property division - to name a few - challenge the core of who we are and what we believe. It is difficult to both productively deal with the dispute and maintain civility when frustrations run so high, but we can help you manage the roller-coaster.

At the Maloof Law Group, we are very proactive in managing your dispute and coming to workable solutions. Whatever type of family-law action you face, and in whatever stage, we can help.

Our Services are Mediation-Focused, with an emphasis on finding workable solutions in a productive, collaborative manner. We can also help self-represented parties with document review or preparation. On a selective basis, we also litigate.
